

Instant YouTube Blocker Portable Crack is a small software application designed specifically for helping you block access to YouTube with just one click. It comes in handy especially for parents or employees that want to restrict online content. The advantages of being portable Since this is the portable version of the program, it is important to mention that it doesn't leave any traces in the Windows Registry. You can copy it on any USB flash drive or other devices, and take it with you whenever you need to restrict access to YouTube on the breeze, without having to go through installation steps. Minimalistic looks You are welcomed by a clean feature lineup that allows you to carry out most operations with minimal effort. There's not much to brag about the user interface, as everything is kept as simple and clear as possible. Main features Instant YouTube Blocker Portable gives you the possibility to enable the blocking mode by simply pressing on the "Block YouTube" button. Additionally, you can remove the restrictions using the same dedicated button embedded in the main window. What's more, the utility displays the current status in the main panel, namely Blocked or Unblocked. It is important to mention that you need to restart your web browser (e.g. Chrome, Firefox, Opera) in order to make the application apply the changes. Performance Since it doesn't require much computer knowledge to set up the dedicated parameters, even less experienced users can learn to master the entire process in no time. Tests have shown that Instant YouTube Blocker Portable carries out a task quickly. It leaves a minimal footprint on system resources, so the overall performance of the computer is not affected. Where it falls short On the downside, the program doesn't offer support for a master password, so other users may easily open the application and bypass the blocking process. You cannot run the tool in a hidden mode and use hotkeys for fast operations. Bottom line All in all, if you are looking for a straightforward software solution when it comes to blocking access to YouTube, you may give Instant YouTube Blocker Portable a try and see what it can do for you. The Eromicon EZUSB-F9 is a 4 port USB hub made for mobile users, that is as convenient as it is easy to use. When connected, the device provides a high performance speed at the price of a low price.
