Refreshing with flowers and live oaks on either side of the 6,000-square-foot main house, the owners of this property have built on their 18th-century heritage to provide the owner with the best of both worlds. With their attentive care, the owner's residence is well-maintained, but yet it remains a fully functioning home, as well as the perfect retreat for wandering the beach or watching a sunset. Here you will find fresh, country style with a Florida touch, boasting a two-story entry and faux wood floors that are creamed to perfection to give it that beachy feel. The interior features a faux painting of the Florida coast. Most of the outdoor living is on the first floor with cathedral ceilings and skylights. You will also find two spacious bedrooms, a sitting room with a gas fireplace, a den, a bathroom, and a fully equipped kitchen with two full-sized refrigerator and freezer. The garage has a storage room, a carport, and a workshop. The master suite is bright and cheerful with cherry-wood floors, crown molding, and windows that face the rolling dunes of the beach. The master bathroom features a soaking tub, a separate shower area, and dual vanities. This unique, beach home

The main concern of the patient is to save the breast and the baby. In our center, the treatment is adjusted depending on the position of the tumor, the stage of the disease, the wish of the mother and the fetal status. In case of tumor stage T1-T2, the decision is taken before the 13th week of pregnancy. The treatment by BCS can be discussed depending on the development of the tumor. This discussion is discussed in our hospital in every case. We report here a case of a right breast cancer diagnosed at 25 weeks of pregnancy. The tumor was in stage T2, grade III and positive for S-100. The tumor was then treated by BCS without complications for the mother and the child. In this case, mastectomy was required to ensure a safe surgery for the fetus. After delivery, the patient received adjuvant chemotherapy with 4 courses of AC-T and radiotherapy. Currently, the patient is without recurrence with a minimal deformity of the breast.--- name: Check whether a port is available about: Determine whether a given port is accessible from outside your network --- # Check whether a port is available ## Check whether a port is accessible ``bash PORT=\$1 nc -z \$PORT 2>/dev/null | grep -q 'tcp/': if [\$? -eq 1]; then echo "Port \$PORT is accessible" else echo "Port \$PORT is not accessible" fi `` ## Check whether a port is available and accessible ``bash PORT=\$1 nc -z \$PORT 2>/dev/null | grep -q 'tcp/' && echo "Port \$PORT is accessible" || echo "Port \$PORT is not accessible" `` the time that it is applied. In Windows 8, the metro interface is the new Windows 8 UI. That's the reason why in the first days we've seen lots of apps that have been built to use the metro style and the metro interface. This is a short guide to make your Windows 8 UI more like the Windows 7 UI. These tips will help you in using Windows 8 a lot easier. Windows 8 has a brand new UI and it's called the Metro UI. This new UI is a lot different from the Windows 7 UI. One of the main reason why I like the Windows 8 UI is the Metro UI, which is a lot different from the Windows 7 UI. Today I'll show you some tips and tricks that you can use to make your Windows 8 UI more like the Windows 7 UI. 1. Windows 8 Save File Search In Windows 7, you'll have a menu to search for the files that you've saved. In Windows 8, you'll have a new menu called Windows 8 Save File Search. If you've saved something in Windows 8, you can search for them easily. You'll have two options in Windows 8 Save File Search. The first one is the search option. When you search for something, a list will be show up. In Windows 8, when you've opened the list, you'll have a star. By clicking the
