Ymir is dressed in a cute pirate outfit. She wears a vest and collar and has a cap. She also has nice weapons with you. The items for Ymir are obtainable in the shops in the north of the kingdom. Upgrade Ymir's weapons by using up the materials of her former weapon. Mission for Ymir Online - PGM: Time for Ymir Team. [Item]Ymir's new costume is now available. You can access and use it through the "Character Editor". Change into Ymir's costume by selecting "Change outfit" when you are near Ymir. - PGM: Don't forget to access the new "Character Editor" when you are near Ymir. - PGM: This time, the battle will take place not on the streets, but on the desert plains of the kingdom. [Surroundings] Three weapons have been added. Select "Weapon Select" to change weapons. Select "Charge M", "Royal Lance", and "Southern Lance" from the list. [Battle] The first thing to do is set up formation. Attack using Formation Manner by setting formation with a little margin. - In the important matches, the formations on your team that will be used in battle are "Formation A" and "Formation B" on the left and right side of "Formation Manner". - For large scale battles, you can also call on formation "Group A" and "Group B". - Also, you can set Formation Manner to "All Formation Manner". - In "Group Manner", the formations and the actions are similar to ones in the battlefield. - The actions include "Move to the Center", "Move to the right side", "Move to the left side", "Regrouping", and "Regrouping (all)". - The number of action times are limited to 10. - If the number of times to use action "Move to the Right" or "Move to the Left" reaches 0, you will be able to fight only with the other members of your team. - In the case of "Regrouping", as long as the number of members in the group is 3 or more, your team will not be able to attack. - The other members of your team will also experience the same drawback. - In "Group Manner", you can fight only in your team by selecting a member. In the case of

story revolves around a main character you play and choices you make that can change the course of events in the game. You can fast forward or rewind any action sequence while exploring the overworld to inspect it at your leisure. Choose a side quest from the “Help” list and the quest will begin. Please note: players who are locked into playing as Succor Edict or Merciful must save again on Xbox One. Story An agent of Order, a knight struggling to maintain a sense of purpose after a brave friend was murdered, and a woman cursed to turn everything she touches to flame - all collide as this unlikely trio embarks on a quest to find the legendary Hoard of the Deady in the Dark City of Necromancy. It is your job to find the Hoard, and make sure it doesn't fall into the hands of evil. What happens when your choices lead to the wrong path? What happens when Necromancy is stronger than either of the two sides you chose? Will any side win? Your journey is only just beginning. Story Key to Action Sequence By watching the action sequences in the story scenes, you'll be able to skip or rewind the cutscene. You'll also be able to access optional dialogue options, side quests, and more. After you save (or abort) a quest, and the player enters the overworld, you'll need to use the arrow keys to set your path, or left-click to move the character in that direction. You may use your left mouse to move your character using the walking animation, or your right-click to use the running animation (both free motion and sprint). You'll see your character's base meter in the middle of the screen. The red bar on the right side of the screen will indicate the duration of any effects (i.e. the duration of the curse). When you see a notification that there is a large amount of XP waiting for you in Zuldazar, it will be posted to the bottom of the screen. By clicking on the notification, you will return to Zuldazar. Zuldazar The mission has been completed, the rewards have been distributed, and the conclusion of
